## MARINES RAID JAP CONSULATE

### COUNT VON BERNSTORFF WILL NOT BE ONE OF THE GERMAN DELEGATES TO THE PEACE TABLE

(By Associated Press) Weimar, March 14.—All the German delegates to the peace conference will be on an equal footing, although Count Von Brockdorff-Rantzau, the foreign minister, will be their leader. True to President Ebert's announcement at the time of his election Count Von Bernstorff will not be a delegate, although there has been great pressure brought to bear to have him named. This was partly frustrated by information received from abroad through Americans here that the choice of Bernstorff would probably be rejected by the Entente powers. A month ago he was planning openly to go.

### CONFLAGRATION SWEEPS TOWN IN NEW BRUNSWICK

(By Associated Press) Monmouth, N. J., March 14.—Fire in the mercantile section of Petticoat destroyed six buildings and the entire eastern end of the town was threatened early today. The buildings burned included the post office, a branch of the Bank of Nova Scotia and the Styles McInnes department store. The passenger station and freight shed of the Inter-Colonial Railway were also destroyed. Petticoat is 23 miles south west of Monmouth. The Monmouth fire department sent aid.

### PRESIDENT ARRIVED IN PARIS TODAY

(By Associated Press) Paris, March 14.—President Wilson, returning to the peace conference after his trip to the United States, arrived in Paris shortly after noon today by train from Bristol. Although the time of the President's arrival had not been made public a great crowd gathered at the Invalides station at 11 o'clock. The station was decorated with flowers and flags and the 21st French Regiment was on hand to do military honors.

TO LET—Large sunny front room, modern improvements, good location. Tel. 322N. H. 111, 1V

(By Associated Press) Peking, Thursday, March 13.—American marines have raided the Japanese consulate at Tien Tsin, forcing their way into the Japanese consulate and assaulting the Consul, according to dispatches received here. The trouble is said to have been caused by the rough treatment given American soldiers who became disorderly in the Japanese quarter of the city. Japanese soldiers drove out the Americans with fixed bayonets. It is said, wounding two of them quite seriously. The next day 200 angry marines who were off duty paraded through the Japanese concession and it is alleged they attacked every Japanese en-

countered. When the marines reached the consulate they forcibly entered, it is reported, and assaulted the Consul, whose injuries are understood to be serious. It is said that feeling is running high.

Washington, March 14.—A clash between American troops and Japanese policemen and some civilians at Tien Tsin was reported to the State Department today by Minister Hensh at Peking. He sent first Secretary Spencer to Tien Tsin to investigate. No mention was made of the raid by American marines on the Japanese consulate and the wounding of the Consul. Officials would not discuss the incident for publication.

### BERLIN UNABLE TO CARE FOR BODIES OF DEAD, KILLED IN RECENT SPARTACAN BATTLES

(By Associated Press) Copenhagen, March 14.—The number of victims of the latest Spartacan disturbance, according to a Berlin newspaper, is so great that it is difficult to find accommodation for the bodies in the morgue. There are 196 bodies in the morgue in Hanover-strasse, of which 42 have not been identified. The capacity of the morgue is exhausted. There are almost as many dead in the garrison hospital. There are 115 bodies at the Friedrichshagen hospital in eastern Berlin and 30 at the Urban hospital in southeast Berlin.

### IRISH REGARD THEMSELVES AS BELLIGERENTS

(By Associated Press) Dublin, Thursday, March 13.—The Sinn Féiners "in accordance with international custom" are asking the British government for "safe conduct" for their delegates to the peace conference but will not ask for passports. Safe conducts are issued among belligerents.

### SMALL FORCE OF YANKS GUARD MANY RUSSIANS

(By Associated Press) Paris, Thursday, March 13.—Belgian Gen. George H. Harries, commander of the American military forces at Berlin has been here for several days to appear before the supreme war council to render a report on the military and economic situation in Germany. He has given a dramatic recital of events in Berlin during the last three months, culminating in the serious street fighting of the last fortnight. During the early stages of the fighting Gen. Harries was standing in a window of the American headquarters watching a clash between opposing factions when a sniper's bullet grazed his breast and buried itself in a window casing by his side. The American forces in unoccupied Germany consist of 80 officers and 600 men, a considerable part of the contingent being stationed at camps where 600,000 Russian prisoners are being cared for by the Americans. The Russians are clamoring to return home.

# CREEL SAYS FUND STILL HAS \$300,000

(By Associated Press)  
Washington, March 11.—Settlement of the accounts of the Committee on Public Information now being made will show that the committee's domestic work was virtually self-sustaining, according to George Creel, chairman of the committee. He reiterated the statement that he had resigned as chairman of the committee, President Wilson, he said, had not accepted his resignation. Of the original appropriation of \$1,250,000 for the committee's domestic work, Mr. Creel said about \$300,000 remained unexpended. He said it might be interesting to learn that he had decided official bulletins had taken \$181,294. In subscriptions, he said, he had made no plans for his future activities but meant to take an active interest in political affairs. He characterized reports of differences with President Wilson as "so false as to be absurd."

# TEACHERS INSTITUTE TO ATTEND

The annual teachers' convention for Rockingham County will be held at the Robinson Seminary at Exeter today, and the teachers of this city will attend. There is no school for the day. This is the first convention of the year, the state meeting having been cancelled at the time of the epidemic of influenza.

# ALL "YANKEE" MEN INVITED

Boston, March 13.—A statement has been issued by the secretary of the Mayor's Committee for the Reception of Returning Soldiers, Sailors and Marines to the effect that every man of the Twenty-sixth Division will be invited and is wanted to take part in the parade or any celebration featuring the Twenty-sixth Division. Wounded men who cannot march will men who have been slightly wounded will be given a decoration, and every man who was at any time a member of the division will have a part in all the festivities which the people are planning.

## EXETER

Exeter, March 14.—The Rockingham county teachers' institute is being held at the Robinson Seminary today. Among the speakers are E. W. Butterfield, state superintendent of public instruction; George H. Whitcomb, deputy state superintendent; Jas. N. Pringle, deputy state superintendent; Miss H. Pauline Cate of Keene Normal school; Mrs. Mabel H. Pearl of the Plymouth Normal school; J. Leslie Sawyer, superintendent of the Enfield-Lebanon district; Miss Lucile A. Dickerman, principal of the Parker school of Concord; Francis T. Clayton, headmaster of Proctor academy at Andover, and Mrs. S. Brooks, superintendent of the Exeter district. The inter-society debate between the G. T. Soule and the Golden

Branch literary societies will be held at the academy chapel on the evening of March 31. The Golden Branch will uphold the affirmative side of "the question, 'Resolved, That the 8 o'clock rule be now administered in Webster Hall should be extended to include the whole school year.'"

The annual joint concert between the two Phillips academies, Exeter and Andover, will be held this year at the Exeter town hall, March 16.

One of the important highway improvements this year will be the road from Bosc to Hampton Beach, an appropriation having been made at the town meeting this week, and a sum also comes from the state and government. This highway is used much during the summer season, and the improvement will be appreciated by the tourists going to the beach.

# GIRLS! MAKE A BEAUTY LOTION WITH LEMONS

At the cost of a small jar of ordinary cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and to move such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the roses and beauty of any skin. It is truly marvelous to smoothen rough, red hands.

# NOTES FROM THE CAPITAL

The New Hampshire House of Representatives yesterday passed almost unanimously the educational reform bill which re-organizes the public school system of the state. It is practically certain that the Senate next week will concur in its passage and that Gov. John H. Bartlett, who recommended the reform in his inaugural address, will sign the bill.

The bill provides, among other things, that Americanization schools are to be maintained for the instruction of all non-English speaking adults and no such person between 16 and 21 years of age can be employed at any occupation unless he is enrolled in such a school or has been excused therefrom by the school authorities for good reasons.

## MISSIONARY MEETING

At the monthly meeting of the Woman's Missionary society of the Middle Street Baptist church on Wednesday afternoon Mrs. Williams gave a fine talk on the Victory campaign and spoke of the missionary work all over the world. It was planned to have a parish supper in the chapel on some date in April.

When you can't think of anything to say at awkward moments, when dining out, just mention the League of Nations—the police will have to break up the conversation.

# MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this uric acid, which keeps accumulating and circulating through the system, eventually settling in the joints and causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

## SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually; says a well-known druggist here, because it dyes the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

Bern, March 13—Hans Silver Swiss minister to the United States has asked to be relieved of his duties on July 1.

## PARIS HAS NEW EATING PLACE

Paris, France, March 13—A hotel and a blessing to Parisians groaning under the present exorbitant restaurant prices is the first dining hall

under municipal control which has recently opened on the boulevard de Grenelle, on the south side of the Seine.

Here, a portion of soup or a hors d'oeuvre costs 5 cents, 3 ounces of meat or 6 of fish can be obtained for 15 cents, and a dish of vegetables for 8 cents. No charge is made for bread, although the bread and is duly clipped. No luxuries are served, and tipping is not allowed.

## PHOTOS AWAIT OWNERS

There are a number of photographs at the Herald Office from which cuts were made for the articles in "Our Boys Serving Under the Stars and Stripes." The addresses of the owners are not known but the pictures may be obtained by calling at the Herald office.

## 54 U-BATS SOLD MORE TO GO SAME WAY

London, March 13 (via Montreal)—more German submarines will be sold and the money received distributed among the Allies on a scale to be adopted by the Supreme Council. It was announced in the House of Commons today by P. J. MacDonnell, preliminary secretary to the Admiralty. He stated that already fifty-four had been sold.

The supreme council, the parliamentary secretary added, had not yet decided what would be done with the other German warships.

## Back to First Principles.

At a time when so many are telling what must be done to restore business to normal conditions the people must be prepared for all sorts of propositions and should be ready to heed the Bible admonition to "Try all things and hold fast that which is good."

The latest instrumentality for placing business on a normal basis by restoring the operation of the law of supply and demand is the Industrial Board of the Department of Commerce, which has just been organized to succeed the Council of National Defense and the War Industries Board. It is said this new organization will follow the procedure of those two bodies by "co-operating between business and the government."

At the start the Board admits that five unfavorable conditions exist. First, buying is timid and decreasing in volume; second, money is also timid and remains in banks; third, mills and factories are idle, with few running full time; fourth, new construction has not yet begun; fifth, non-employment is spreading. As an offset to these conditions attention is called to the fact that commercial stocks are depleted, that there is plenty of money, that construction work is several years in arrears of necessity, that a long period of enforced economy is coming to an end and that markets are in prospect in all parts of the world.

Without doubt all these things are true. It is equally true that the law of supply and demand must again have free play before the country or the world can experience genuine prosperity. Under artificial stimulation and autocratic manipulation business can be made to boom for a time, but the prosperity growing out of such conditions is apt to be for certain classes at the expense of others. True prosperity calls for equal privileges and advantages, which can only be enjoyed when the law of supply and demand is in operation.

All will hope that this new Board may be able to hasten the return of normal conditions, though it is to be questioned whether the process would not be facilitated if the government were to remove its hand from business entirely, beyond that oversight over "big business," which was in order before the war and which will, apparently, always be in order.

The Industrial Board says "it is believed that industry will agree that the cost of living must be substantially reduced before labor should be asked to accept lower wages." In view of the general concession that from 70 to 80 per cent of the cost of commodities goes to labor, this seems somewhat like "putting the cart before the horse."

Whatever the outcome of this attempt to ease the business of the country from a war footing to a peace basis, all will hope for the best.

That joint debate on the League of Nations by Senator Lodge of Massachusetts and President Lowell of Harvard University should serve to clarify the atmosphere. The presentation of the two sides of the question by these eminent men should prove highly entertaining and instructive.

The French are said to be reducing the cost of living by enabling the people to buy provisions at government prices. We don't know just what that will amount to in France, but in this country no great saving has been noticeable in buying food at government prices.

It is given out at Washington that there are teeth in the bone-dry law. In proof of this assertion is the fact that several negroes have already been heavily fined and sent to jail for bringing liquor into the District of Columbia.

The American Army University has been established in France and 45,000 soldiers have already enrolled for a three months' course. How almost limitless are the ramifications of a modern war.

The Legislature is devoting a good deal of attention to the fish and game law which is a hard thing to adjust so as to suit everybody.

Old Piscataqua has a proud record in ship building. And it is safe to say that the end is not yet.

There is more food in cold storage than there was a year ago. Does this account in part for the slow drop in prices?

It begins to look now as if the banks might have a chance to go "over the top" in pulling the railroads out of a hole.

If Ireland doesn't get home rule this time it may rest assured that it wasn't the fault of the New Hampshire Legislature.

## NATIONAL ASSOCIATION FOR CONSTITUTIONAL GOVERNMENT

Whereas, some individuals and organizations in this country are insolently and openly exciting the ignorant, discontented, vicious and anarchistic elements of our population to overthrow the Government and the present social order, hoping and intending thereby to gain for themselves by violent and treasonable means the control of the Government and the property and savings of their fellow-citizens accumulated by individual or associated effort; and honorable enterprise.

Now, therefore, be it Resolved: That we, the members of the National Association for Constitutional Government, believing that the American people have a keen sense of justice and right and will not let wrongs go unrighted when convinced of their existence, and believing that the American Republic constituted the best and fairest system of Government yet instituted by man, and is destined ultimately to be the approved model of all peoples, declare, that under the Constitution of the United States hereby available all the machinery for the orderly and lawful fighting of just grievances, without the necessity for resort to violence.

That we, therefore, declare to be

"undesirable citizens" and traitors all those anarchists, radical socialists and other deluded persons who advocate resort to violence, bloodshed and anarchy for any purpose.

That we recommend to our law-making bodies the immediate consideration and passage of such laws as shall stamp out the advance of this menace to our institutions, forbid the display of the red flag of anarchy anywhere in the United States, authorize the withdrawal of the privileges of citizenship from all those who openly or covertly advocate a resort to destructive measures to accomplish their political and social ends, and the internment or deportation of all aliens who engage in such activity.

Resolved, further: That we recommend the holding of public meetings, wherever possible, to awaken our fellow-citizens to the imminent dangers which confront us from within, to arouse them to renew their pledge of loyalty to the Constitution, and to express a determination that persons who resort to destructive methods must be taught, peaceably if possible, forcibly if necessary, that their methods will not be tolerated, and that the people of the United States believe in and will insist upon a "government of laws and not of men."

## MOSES WARNS AGAINST LEAGUE

Senator Moses of New Hampshire, addressing nearly 1000 persons at the Boston City Club last night, declared that because the League states represented in reality a dangerous "whitewash," it would be fatal to the United States to join the proposed league of nations. He prophesied that for centuries to come these states would be the centre of suspicion and intrigue which would menace the safety of mankind and as a result emphatically recommended that this country refrain from becoming entangled in this "web" of uncertainty.

## NAVY YARD NOTES

**Out of Service**  
 William Leary of the Naval Reserve who has been on duty several months in France, has been placed on the inactive list. He was discharged from Pelham Bay, N. Y.

**Metal Cut His Head**  
 Mark F. O'Brien of Manning street, a workman of the submarine construction, sustained a lacerated wound on the top of the head this forenoon. Several stitches were required at the dispensary. The accident was caused from falling metal in the hands of another workman working overhead.

**Waiting for Orders**  
 Although several of the yeomen (P) signified their intention of a transfer at the Portsmouth navy yard have to Washington and Norfolk, they are still awaiting the necessary orders which must come from the commanding officer of the First Naval District after previous approval of their local commanding officer.

**Court Martial for Women**  
 The first summary court martial was recently held in Boston when seven of the yeomen (P) in the First Naval District were up for a hearing before their superior officer, for overstaying leave, etc. This is said to be the first court martial held in the district since the women enrolled for the service. So far the girls of the district attached to the local naval station appear to have a clean slate.

**Getting Sea Duty**  
 Charles Marshall of this city who was appointed a carpenter in the navy, the latter part of 1918 has been detached from the local yard and ordered to duty on the navy transport Troy.

**First in Several Days**  
 The Industrial Department made a call for two patternmakers today.

**Will Coat at Boston**  
 The Yeomen on her departure from the local yard next week will put in at Charlestown yard for a supply of coal.

**Looks Good for the Clerks**  
 Allan H. Robinson, representing the men from the local yard connected with the National Association of Chief and Supervising Clerks, has arrived back from Washington after acting as one of the nine members from East coast yards and stations who held a conference with the secretary and assistant secretary on the matter of an increase of wages. The secretary ordered the Henry Board, so-called, which deals with the matter of wages, take up the appeal of the clerks and report within two weeks. An increase for the clerks looks good as soon as the necessary money is available.

**Boston Girls Here Tonight**  
 The Boston yeomen (P) will be here this evening and snatch a victory from

the basketball team of the girls of the Portsmouth navy yard if they can. A lot of interest is manifested in this game as it means the championship of the Naval district. The visitors will have quarters at the Hockingham.

**Getting Impatient.**  
 The yard officials are still in communication with the Boston & Maine management at Portsmouth with the hope of having the necessary cars assigned to the non-smokers' car, the workmen's train and they trust such arrangement will not be delayed much longer.

## EDITORIAL COMMENT

**Not "All Here"**  
 (From the Buffalo Express)  
 There is one thing that those welcoming hands ought to search for in their repertoire, and that is "Hell, Hell, the Gang's All Here." The boys who are being welcomed have left too many of their comrades under the soil of France to feel that there is anything appropriate in that piece.

**A Yankee College Abroad**  
 (From the Springfield Republican)  
 The largest university in the world is the American Army University, with 16,000 students, at Beaune, near Paris. The little Yankee college is honored in the person of the university's president, Colonel Ira L. Reeves, formerly president of Norwich University, in Vermont. A blue emblem and advertisement of an American ideal is the big institution; education for everybody!

**Greeling**  
 (From the Washington Herald)  
 "One thousand innocent bystanders killed in Berlin." That's frank exaggeration. There aren't one thousand innocent persons in all Germany.

## PEOPLE'S OPINIONS

**Why Bite the Hand**  
 Kittery, March 14.  
 Editor:  
 Just a word or two to say that the communication under the head of People's Opinions in the Herald of Thursday signed "Citizen and Voter of Kittery" meets with the approval of a great many voters of the town who are against such a resolution as that passed on Town Meeting day. Why bite the hand that feeds you?

## MAKES STRONG PLEA FOR DOGS

Senator Marvin made a strong plea for the dogs in a speech before the Senate Agricultural Committee against House Bill 229, a bill to allow any one that disliked dogs to pursue and kill at any time, and at any place, claiming that the dogs attacked, or killed one's domestic animals.

A bill that would cause the killing of many harmless dogs, Senator Marvin said the bill was too drastic. The present law on our statute books covered all necessary legislation on this point. It is found by investigation that most of the sheep killed in the North Country were killed by foxes, or other wild animals.

## NINTH BANDIT HELD IN \$20,000 BONDS FOR TRIAL

(By Associated Press)  
 Cambridge, Mass., March 11.—Albert Hirsch, alleged to be the ninth of the auto bandits implicated in the holdup, robbery and attempted murder of Frank R. Brown, paymaster of the General Electric Co. at Everett, Dec. 20th, was arraigned in the superior court today on charges of conspiracy, assault with intent to murder and robbery while armed. He pleaded not guilty and was held in \$20,000 for trial.

## THE HERALD HEARS

That there's a merry war on over gasoline in the west and that the contestants are giving the argument the gas.

That a dispatch from Russia started the argument by stating that the Bolsheviks were drinking benzene and gasoline as substitutes for the Russian vodka.

That half the town contends that the gas would be a mild drink compared to Jager, Badell and banditum.

That the other section says that the above additives are as mild compared to the effects of gas on the human anatomy.

That the argument is to be settled by selecting three men of each side and watch the effect of the beverages on respective days.

That the men who will demonstrate the effects of the liquids in question should be put in a cage with the militant suits and all be exhibited as the result of misplaced enthusiasm.

That old man winter figures on taking a further lease of life.

That there's to be many changes in the local Smart League's list of players.

That the new pocket size flyver can be checked for a railroad journey without paying excess baggage.

That the peach blossoms got a cold receptor last night but that the trailing ribbons of Snow fame is shyly peeping forth from beneath a two-foot bank of snow.

That you can catch more flies with molasses than you can with vinegar but Henna made a few millions out of the apple juice and the latest style is to wait the fly.

That no applicant has yet been signed in the Health Department.

That the resolution passed at the Kittery town meeting on Monday has certainly started something among those for and against the League of Nations.

That Senator Marvin does not believe every man's dog should be shot because he is a dog.

That he is fighting a bad bill in the senate which if passed "a dog wouldn't even have a dog's life."

That one of the well known local chefs who has adopted a new dance is making a hit with the boys.

That there is trouble ahead for the wise guys who named it the "bootleggers' glide."

That this name was applied because the many would-be drinkers cannot seem to get it through their door.

That oranges are said to have taken another jump. Can anybody explain the real reason for this?

That the meeting of the Rockingham County delegation in the legislature at Concord on Tuesday is very important and somebody is likely to start something.

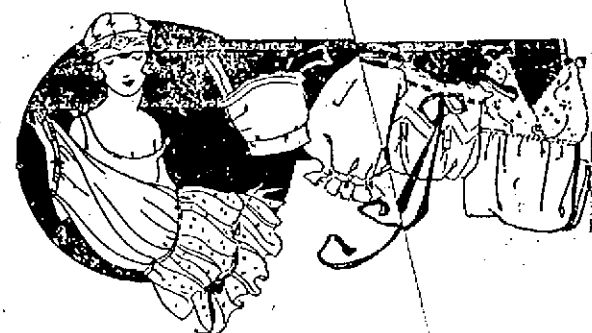

## ENGLISH PLAN LONG DISTANCE AIR TRAVEL

London, March 13.—Actual construction work already has been begun in connection with the projected Cape to Cairo Air Service, the British Air Ministry announces. Aerodromes are being set up every 500 miles, the present non-stop limit, from one end of Africa to the other, the principal ones being built at Cairo, Khartoum, and two in German East Africa, at Kampala and Ujjal.

The route then passes into Rhodesia and along the course of the railway to the Cape. Long before the famous Cape to Cairo railway is in operation, it is confidently expected that airplanes will be covering the route on regular schedules. The distance is 6,200 miles.

After establishing this service, the plan of the Air Ministry is to hand it over as a going enterprise to a British commercial company.

The Air Ministry is noting as a pioneer in various undertakings and, according to one of its officials, its position in commercial flying will be analogous to that of the British Admiralty and merchant-marine service. A "Joy's Aircraft Register" is expected to make its appearance in the near future. Already wireless stations on the Continent signal the passage, apparent condition, origin, nationality, cargo and destination of passing aircraft.

## FINE PROGRAM AT METHODIST CHURCH

A large audience gathered at the Methodist church Thursday evening to attend the entertainment given under the auspices of the Epworth League society which was heard with appreciation and pleasure by all.

The talent for the occasion was the Exeter Maundy-Cello Club, Prof. L. E. Lewis, leader; soprano soloist, Mrs. George E. Chaffee, and Miss May Leslie Warren, reader.

The program was as follows:

- a Soldier's Preamble.....Odell
- Love's Like a Song.....Odell
- Club
- A Birthday.....R. H. Woodman
- Mrs. Chaffee
- a Where Shadows Fall.....Kethly
- a Fieldstone March.....Kethly
- Club

Her Husband's Holiday (Monologue).....Ellis

Miss Warren

Melodies of the British Isles.....Odell

Club

The opening numbers by the mandolin club at once gave evidence that the audience was to listen to some fine renditions and at the conclusion of these selections applause was abundant.

Every number by the club was creditably given and after "Keep the Home Fires Burning" was rendered the applause was so hearty that the musicians returned and repeated that ever popular selection.

The closing number, "Melodies of the British Isles" was another favorite and received with marked applause.

Prof. L. E. Lewis of Exeter, leader of the club, and formerly of this city, gave a mandolin solo which gave evidence of his ability as a musician.

Mrs. George E. Chaffee as soloist was never heard to better advantage and won additional laurels last evening.

Mrs. Chaffee, who was a soloist in a Boston church until she moved to this city, has a voice of much sweetness and power. In response to continuous applause she responded to encores.

Mrs. Harold A. Littlefield accompanied Mrs. Chaffee on the piano.

Miss Mae Leslie Warren added much to the program by her monologues.

Miss Warren's dramatic ability is well known and last evening she made a decided hit and was received with enthusiasm by her audience.

Johnson

MAY GET IN

BAD AGAIN

Havana, Thursday, March 13.—The attention of the judicial authorities here has been called to the declaration made by Jack Johnson that his bout with Jess Willard in this city four years ago was a fake. A written report by a lieutenant of detectives says "If this story is true the people of Havana were deceived and defrauded."

THEY HAVE NO FEAR

OF THE BRIDGE BILL

Opposition Not So Strong as It Looks, Proponents Say.

Those working in the interest of the Memorial bridge across the Piscataqua are not discouraged over any opposition which has so far appeared in the legislative halls at Concord.

Some opposition is reported as coming from Manchester and Nashua and those behind such opposition are working with wrong ideas. They claim that the bill is strictly a Portsmouth measure and will benefit only Portsmouth. They cannot be convinced of the great need of this interstate structure for highway travel by automobiles from every state in the union and the toll helped by the corporation which operates it.

Those who are close to the operating machinery of the legislature of 1919 naturally look for a battle on this important matter but they are willing to gamble a few nickels that a majority will approve the bill.

GOV. BARTLETT SENDS

OUT LETTER TO HELP

SAILORS AND SOLDIERS

Names Citizens' Committee of Seven to Assist in the Work.

The following letter was sent out by the governor today to Frank P. Lyon, Manchester; Richard A. Conney, Portsmouth; John S. H. Davis, Concord; E. K. Sawyer, Franklin; William D. Swart, Nashua; Frank Knox, Manchester; Merrill Shurtleff, Lancaster:

"Materializing a conviction that we should centralize our efforts and agencies having to do with our purpose to assist in all possible ways, our returning soldiers and sailors in their efforts to obtain employment, education or business opportunity, I respectfully ask you gentlemen to serve the state as a citizens' executive committee for the accomplishment of this end and purpose. I trust you will study the necessity for your existence as a committee, co-operating with the committee on Public Safety and other existing agencies in the presentation of your work.

Yours very respectfully,

JOHN H. BARTLETT,

Governor.

Fred H. Ward and daughter, Miss Florence Ward, have arrived from Washington, D. C., and opened their home on Miller avenue.

Miss Leach of Boston, an entertainer and Mrs. Welfenbach, pianist, appeared at the Y. M. C. A. hall at the Constitution, New Castle, last evening.

Douglas Stanley McDaniels, U. S. N. II., who has been visiting his parents in this city, has resigned to resume his former position. His resignation has been accepted.

## COMMENDS "Y"

NO HEAD.....

That many boys in the navy blue and khaki appreciate the open hearted hospitality extended them at the local Y. M. C. A. is evident daily and in letters home the boys often speak of this to their folks. Among the letters of appreciation received from parents of the boys in the service is the following one lately received:

Parliament, Wash., Feb. 25th.

Y. M. C. A., Portsmouth, N. H.

Gentlemen:—I wish to extend my thanks for the many comforts and kindnesses given the boys in uniform by the Y. M. C. A. workers.

I have two boys in the service of our country. One is with the Marines at Portsmouth, N. H., and one is with the Navy Submarine School at Rhode Island. They cannot praise too highly the many benefits they have derived from your organization, and the enjoyable evenings they have spent in your reading and writing rooms.

I am one of thousands, but wish to thank you, to assure you that your efforts in helping our boys has been appreciated.

Yours very sincerely,

M. DENNIS.

Packwater, Wash.

## IMPORTANT NOTICE

## SOVIET TROOPS WILL SOON REACH ARCHANGEL

London, March 14.—The Bolshevik general staff at Moscow, claims the size of France having 1955 miles of railroad under its control and declares that the Soviet troops will reach Archangel by May 1st, according to a dispatch to the Mail.

## POSTMASTER EXAMINATION

At the request of the Postmaster General the United States Civil Service Commission has announced an examination to be held at Portsmouth, N. H., on April 23, 1919, for the position of postmaster at Kittery, Me.

This office has an annual compensation of \$1300.

To be eligible for this examination an applicant must be a citizen of the United States, must actually reside within the delivery of the office and have so resided at the time the present vacancy occurred.

Applicants must have reached their twenty-first but not their thirty-first birthday on the date of the examination.

Application Form 304 and full information concerning the requirements of the examination may be secured from the postmaster at the place of vacancy or from the Civil Service Commission, Washington, D. C. Applications should be properly executed and filed with the Commission at Washington, D. C., in time to arrange for the examination of the applicant.

The Herald is the busiest place in Portsmouth. It's classified column tells the story.

## NEW DEMANDS MADE OF HUNGARY

(By Associated Press)

Paris, March 14.—The supreme council of the peace conference has victoriously decided to include in the preliminary treaty of peace a requirement that Germany shall relinquish her household on Tsing Tao and a properties and concessions on the Shantung Peninsula. No attempt, it is understood, will be made at present to render a decision as to the ultimate possession of Germany's rights which is now the subject of a controversy between the Japanese and Chinese delegations.

W. J. Ford, just released from the California penitentiary, made \$80.00 while in prison. He invented a non-forgable check and says the American Bankers' Association bought it.

# UNITED SHOE STORES

29 MARKET ST. MORE FOR LESS OPP. WOOLWORTHS

The United Shoe Stores invites you to inspect our unsurpassed line of new Spring Models, after you have seen what is offered at the many "so-called sales" which seem to be so prevalent at this time of the year. Here you will find real values in footwear for the entire family, also at prices which are always the same to you as to your neighbor. That is the reason for our great success—"One Price to All."

## SATURDAY SHOE BARGAINS

--	--	---

165 Pairs of these Shoes arrived today for Saturday's demand. We wish to apologize for not being able to supply our customers last Saturday, but are prepared now to satisfy all.

You will be unable to find in any store in Portsmouth such a large variety of styles and at such reasonable prices, as we are showing today.

Gun Metal, Mahogany and Gray, both in high and military heels. These are Goodyear Welt shoes, the same as you will see advertised in other stores at \$8.00. Could you not find a use for the \$3.00 saved in buying here?

## Opening of the Low Shoe Season

Our manager has just returned after visiting the principal shoe markets of New England. He has, without doubt, secured the most complete lines of Oxfords and Pumps that will be seen in Portsmouth this year.

Prices range from \$2.95 to \$4.95

## LADIES' NIGHT AT LABOR UNION A BIG SUCCESS

The Ladies' Night of the Central Labor Union was an unqualified success. This meeting demonstrated that the "eternal feminine" was amply able to conduct meetings, control audiences, and produce results. It also demonstrated that those in charge of the charitable institutions, the moral agencies, and the educational system of the city were sincerely in sympathy with every effort made by organized labor to improve the moral, physical, financial and sanitary conditions of its members. It was shown that where the motive was pure and the purpose unselfish the spirit of harmonious co-operation could accomplish the end desired.

Mrs. Hull told the story of the work being done by the Organized Charities, and when the story had been told everybody was her friend and Organized Charities had been adopted by Organized Labor of Portsmouth.

Mrs. Wood, already a member of organized labor, told of the need of a new school and of the need of adequate salaries for school teachers. The speaker is always eloquent and always convincing and won applause at every telling point in her discourse.

Miss Midram told of the advantage

of healthful sports and spoke of the need of a play ground at the Barragut school where they now have "blatting room only." She spoke of the boys' club, and by her evident interest in this work and her concern for the future of the children of the present, upon whom the burdens of the world must fall, she made an abiding impression upon the minds of her auditors.

The presiding officer, Mrs. Thayer, in assuming the gavel and announcing the various numbers of the program, gave voice to that "word fitly spoken" which is like unto "apples of gold in pictures of silver."

This was one of a series of meetings designed to arouse a sense of mutual helpfulness and the thanks which were tendered at the close of the program were heartfelt.

## A TOUCH OF WINTER

A cold north wind brought back a Thursday afternoon and evening and disagreeable touch of winter on at midnight the temperature was only 15 above, or 17 degrees of frost. The predictions and warnings have been displayed for a northeasterly gale following the northwest blow of Thursday.

Quite a number of our citizens fail to really understand the new income tax law.

## FANS HOPE TO SEE WILSON AND ROBERTSON MEET

The boxing fans are hoping that the management of the Rockingham A. C. will be able to keep his promise of matching Johnny Wilson of Boston and George Robertson of Chelsea. Wilson one of the best in the country, has been lonesome from the fact that everybody shies him and he can not get men to meet him, Robertson got the decision over him a year ago, and in the return fight Wilson got the decision, but they have not met since. Robertson is one of the best colored men in the fighting game and well able to take care of himself at all times.

They are a top notch attraction and it is hoped that they may be matched for this city.

## DRAGS MAKE BIG ROAD IMPROVEMENT

The street department made a wonderful improvement in the Greenland road on Thursday when they laid two drags smoothing down the ruts from the Plains out to the second bridge. This was badly chewed up, and the drags brought it back into excellent condition. The same process on the Madison road from Spinnery's road to the Plains will greatly improve the road which will hold up the work until it is once more thawed out.

"The country will go dry about the same time the roads do, so what's the sense of having good roads and a car?" inquires the gloomy man.

## PEPTIRON IS GOOD

This Real Iron Tonic Combines Merit Economy and "Pep."

Made from a formula that uses from 100 to 150 grains of iron, peptiron and cod liver oil, it is the most digestible, most economical, and the best vegetable remedy for the nerves, and also manganese and other valuable nutrients—there's no question of the value of Peptiron as a blood builder and strengthener.

The larger size of Peptiron contains enough for a full month's treatment, while other so-called iron preparations contain only one-half or less.

The "Pep" or promptness with which Peptiron does its work is noted by everyone who takes it. From the first dose the system responds to the treatment, and you realize you are at last using a medicine that begins right, continues and ends right. Peptiron is a tonic of Peptiron today. Take two Peptiron after each meal—then comes good blood, good appetite, and—pep.

## SAVE YOUR HAIR! A SMALL BOTTLE STOPS DANDRUFF

Every bit of dandruff disappears and hair stops coming out.

Try this! Your hair appears glossy, abundant, wavy and beautiful.

This, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

## SOME EXCELLENT SHOTS WILL BE HERE

Among the trap shooters who will be present at the Saturday afternoon trap shoot at the Country Club, will be the following professionals: W. G. Hill of the Remington Arms Co., G. A. Wheeler of the Hercules Powder Co., and Mr. Richardson of the Peters Cartridge company. In addition Warren Weymouth, the champion of Maine, Walter Mines of Portland, Charlie Marden of B. A. A. and others from that club will be present.

## WILL MAKE CUT OF 80 PER CENT Big Reduction of Federal Employment Service Force March 22.

Washington, March 11.—Reductions of 80 per cent in the force of the United States employment service effective March 22, was announced yesterday by Director General Denmore. This was made necessary, it was explained by the failure of congress to provide funds to continue the work. Mr. Denmore said the number of employment offices would be reduced from 750 to 66, but that none of the work in direct connection with the return of soldiers and sailors to civilian employment would be discontinued.

## CARD OF THANKS

We, the undersigned, wish to express our sincere thanks to our neighbors and friends who so kindly helped us in our recent bereavement with words of comfort and sympathy, also for the beautiful floral tributes.

Signed,  
Mr. Charles H. Spinnery,  
Mr. and Mrs. Harry L. Mitchell and Family,  
Mr. and Mrs. William Mitchell and Family,  
Mr. and Mrs. Sherman Mitchell and Family,  
Mrs. Mary Philbrick,  
Mr. and Mrs. Albert B. Junkins.  
List of Flowers

The following is a list of the floral tributes at the funeral of Mrs. Sarah J. Spinnery:

Willow, marked "Wife," Charles Spinnery; pillow, "Mother," Mr. and Mrs. Harry L. Mitchell and Mr. and Mrs. William J. Mitchell; mound, "Grandma," Charles A. and Myra G. Mitchell; spray of white pinks, grand children, Irving and Mildred Mitchell; wreath, Mr. and Mrs. Sherman Mitchell; mound, "Sister," Mr. and Mrs. Albert B. Junkins; wreath, Mrs. Etha Dutton, Mrs. Della Freeman, Mrs. Edith Gates, Mrs. Gladys Skidmore; crescent, marked "at Rest," Mrs. Emily Remick and Mrs. Charles Law; spray of pinks, Mr. and Mrs. William P. Hayes; spray of pinks, Mr. and Mrs. Samuel Caswell and Mr. and Mrs. Selwyn Caswell; spray of pinks, Mr. and Mrs. Percy Chick and family.

If he only snaps at you and looks weary don't complain—he will be all right soon; he simply has the new disease "incomparability."

## GAVE A DELIGHTFUL ENTERTAINMENT

The Assembly hall at the High school was crowded on Thursday evening when the Lafayette School Parent-Teachers Association, presented for their first entertainment Anne Vanner Baker in an evening of fun. It was rightly named for Miss Baker presented a novel and very interesting program, which pleased the old as well as the young.

Miss Vanner Baker gave a fine program in modeling in clay, shadow-graph, drew cartoons, sang songs and danced. She was delightful in all of them and presented the humorous side of everything, so that the children were simply delighted with the entire evening's program.

Mr. Ernest L. Cook rendered two solos, and they were well received.

The High school orchestra gave a program and their excellent work was a revelation to most of the audience.

Mr. H. Clyde Morgan the president of the Lafayette School Parent-Teachers Association presided.

The High School orchestra which furnished the music was composed of the following:

Violins—Wyatt Wendell, John Reagan, Eugene Hunter, Ted Cote, Mary Walsh, Sadie Shramsky; cornets—Orville Faust, Sherman Thayer; baritone—Kenneth Noel; piano—Eunice James, Pauline Taylor; drums—Edward Montfort.

This orchestra was under the leadership of Ernest P. Bilbrack.

Therefore we have gathered together choice merchandise from the best mills in America—chosen as dainty as the spider's web, as varied as frost crystals yet surprisingly durable; and there are over-drapes in the newest designs and colors.

And with these things awaiting your inspection, are the latest suggestions for artistic decoration. One thing we almost forgot to say—our specialty is making every dollar do the utmost work so that even a small outlay brings big results.

Don't forget to do something each day for the new bridge proposition—boost and help.

Some people claim "Jacontaxia" is an off shoot of the "Flu." It has given many a nightmare.

The way to add Portsmouth is to forget politics and act for the best interests of the city.

Jobbers and fresh fish of all kinds caught by our own boats, fresh every day B. Jamieson & Sons, Tel. 245.

Portsmouth needs one thousand unselfish minds help her to become the largest city in the state.

Only men of strong minds or empty pocketbooks can withstand the temptation of a vacation this weather.

**"SIDE OF THE POSTOFFICE"****Let's Reason Together!**

Every Shoe in our stock was selected for Portsmouth people. Nothing cheap or trashy bought for a "startling" sale.

The way we make low prices is to keep expenses down to the lowest possible point and buy nothing that will not sell readily.

That's the way to build up a business and that's the way that Portsmouth people like to do business. Let us show you what this system will save you on—
